COMMENCEMENT SCHEDULE

Saturday, June 1, 8:00 P. M.—Senior Class Play.

Sunday, June 2, 8:00 P. M.—Annual Sermon by Dr. John R. Edwards, Class of 1892, New York City.

Monday, June 3, 8:00 P. M.—Annual Inter-Society Contest.

Tuesday, June 4, 8:00-11:00 P. M.—President's Reception.

Wednesday, June 5, 2:00-5.00 P. M.—Exhibits by Departments.

Wednesday, June 5, 7:30 P. M.—Alumni Reunion and Banquet.

Thursday, June 6, 10:00 A. M.—Commencement Exercises. Address by Morris Purdy Shawkey, A.M., Ped. D., LL.D., president of Marshall College.

ANNOUNCEMENTS

1929-1930

First Semester begins Tuesday, September 17, 1929.

Thanksgiving Recess from Wednesday Noon, November 27, to Monday Morning, December 2, 1929.

Christmas Vacation from Friday Evening, December 20, 1929, to Monday Morning, January 6, 1930.

First Semester ends Thursday Evening, January 30, 1930.

Second Semester begins Monday Morning, February 3, 1930.

Easter Recess from Thursday Noon, April 17, to Tuesday Morning, April 22, 1930.

Spring Term begins Monday, April 28, 1930.

Second Semester and Spring Term end Tuesday, June 10, 1930.

Summer Term begins Monday, June 16, 1930.

Summer Term ends Thursday, August 14, 1930.

FACULTY

W. H. S. WHITE, President

Graduate Glenville State Normal School; A.B., A.M., West Virginia University; Graduate Student Johns Hopkins University.

Elementary Education

A. D. KENAMOND

Dean of Instruction and Director of the Summer School.

Graduate West Liberty State Normal School; A.B., West Virginia University; Graduate Student West Virginia University, Ogden Graduate School of Science, and School of Education, University of Chicago.

History, Economics, Civics

MABEL HENSHAW GARDINER

M. P. L., New Windsor College; A.B., West Virginia University; Graduate Student West Virginia University.

Rhetoric, Literature

ELLA MAY TURNER

Graduate Shepherd College State Normal School; A.B., A.M., West Virginia University; Graduate Student Cornell University and George Peabody College for Teachers.

Art

ADDIE R. IRELAND

Morgantown High School; Graduate Art Department, West Virginia University; Student Art Students' League, New York City; Student Arts and Technology, University of Chicago.

Commercial Subjects

ETTA O. WILLIAMS, Secretary to the President

Graduate Washington County High School and Columbia Business College, Hagerstown, Md.; Student Columbia University; B.C.S., Bowling Green Business University.

Latin, French and Mathematics

JESSIE TROTTER

Graduate West Virginia Conference Seminary; A.B., West Virginia University; A.M., Columbia University.

Geography, Economics and Sociology

W. R. THACHER, Director of Extension

A.B., West Virginia University; A.M., University of Chicago.

Music

MARIE MCCORD

Graduate Cincinnati Conservatory of Music; Graduate work at Chicago, New York and West Virginia University.
(Resigned August, 1929)

Supervisor of Teacher Training

FLORENCE SHAW

A.B., Kirksville Teachers College; Graduate Student University of Chicago.

Secondary Education

I. O. ASH, Director of Training Schools

A.B., West Virginia University; A.M., University of Nebraska; Graduate Student University of California and University of Cincinnati.
(On leave of absence 1928-29)

Home Economics

MABEL M. HALL, Dean of Women

Graduate Ames, Iowa, High School; B.S., M.S., Iowa State College.

Librarian and Registrar

STEWART E. ARNOLD

A.B., Western Maryland College; Graduate Student Ohio State University (one year); Chautauqua, N. Y. (5 summer terms).

Agriculture

JOHN NEWCOME, Director of Athletics

Graduate Keyser High School; A.B., Davis-Elkins College; Graduate Student West Virginia University.

Public Speaking

GRACE YOKE WHITE

Morgantown High School, West Virginia University.

Biology

WILLIAM H. REESE

Ph.B., M.S., Lafayette College; D.Sc., Muhlenberg College; Graduate Student New York University.

Physical Education for Women

LOUISE ERVIN

Richlands (Va.) High School; North Carolina College for Women, A.B.; Graduate Student Columbia University, New York.

Physics and Chemistry

ERNEST STUTZMAN

B.S., West Virginia Wesleyan College; B.S.Agr., West Virginia University; Graduate Student University of Wisconsin and West Virginia University.

Supervisor of Teacher Training

LENA GALL ISRAEL

A.B., Davis and Elkins College; Graduate Student West Virginia University.

Music

MABEL L. GARRETT

Graduate Hamilton, Va., High School; State Teachers College, Farmville, Va.; Peabody Conservatory, Baltimore—Johns Hopkins University.
(To begin service September, 1929)

Associate in English

ICIE HOPE CLARK

A.B., West Virginia Wesleyan College; A.M., George Peabody College for Teachers.
(To begin service September, 1929)

Training School Teachers

Freel G. Welshans	8th
Florence Grubbs	7th
Mildred Skidmore	6th
Georgina S. McKee	5th
Mary Donley	4th and 5th
Louise M. Rightstine	4th
Rosalie Skinner	3rd
Eugenia Athey	2nd
Ruth A. Taylor	1st
Ella M. Kelsey	Substitute

Additional Teachers, Summer Term, 1929

John I. Woodard, A.M.	Education
Margaret Noel, A.M.	Training School
Celeste C. Woodard, A.M.	Training School
Edith M. Thompson	Training School

SHEPHERD COLLEGE STATE NORMAL SCHOOL

HISTORY

Shepherd College dates its founding as a State Normal School to an Act of the Legislature of West Virginia, passed February 27, 1872; but it had its incipiency in a classical and scientific school styled "Shepherd College," certificate of incorporation of which is on record at Charleston, January 12, 1872. As an inducement to secure a Normal School here the trustees of this private school offered its building to the State free of charge for use as a State Normal School, which offer was promptly accepted, and work under State control began in September, 1872.

LOCATION

The location of the school is most ideal. Situated in the charming old town of Shepherdstown, nestled on the cliffy crags of the beautiful and historic Potomac which sweeps in graceful curves across the Shenandoah Valley at this point, remarkably free from all insidious fevers and diseases, with a wholesome social and moral atmosphere, an educated and cultured Community, comparatively easy of access, it affords unsurpassed attractions and advantages to the earnest student.

The school is located on scenic and historic ground. To the east loom up the fine wooded sides of the Blue Ridge, and to the west those of the North Mountain. The Potomac river flows past the town and affords fine boating and fishing, while on its northern bank is the old historic Chesapeake and Ohio Canal, which, with its canal boats drawn by mules, forms even in this day of railroads an important means of transportation. To the south and north spreads out the broad, beautiful and historic valley of Virginia. Three miles to the north is Sharpsburg and the battlefield of Antietam with its fine monuments and the National Cemetery, while some seventy miles to the south is the famous Luray Cavern. The same distance to the east is Washington, the nation's capital. All of these things cannot fail to leave their permanent impress on the minds of the observant students.

HOW TO REACH SHEPHERDSTOWN

Shepherdstown is on the Norfolk and Western Railroad, which connects with the main line of the Baltimore and Ohio Railroad at Shenandoah Junction, six miles to the south; or with the Western Maryland Railroad at Hagerstown, Md., eighteen miles to the north.

Students who live on or near the Baltimore and Ohio lines will come via that road to Shenandoah Junction, from which point they may come via the N. & W. to Shepherdstown. The connections between

these roads are at times so poor that many who come by that route find it more convenient to drive from Shenandoah Junction to Shepherdstown, it being a comparatively inexpensive drive over six miles of the Shenandoah Valley. Automobiles may be secured at Shenandoah Junction or ordered from Shepherdstown in advance.

Those who live on or near the Western Maryland lines will purchase tickets to Hagerstown, the connection at this point being most excellent at this time, students being able to reach Shepherdstown before night of the same day of starting from points as far distant as Elkins. This is decidedly the best route for all to whom it is accessible.

Students from Pendleton, Grant and Hardy counties, and neighboring districts, can take the Hampshire and Southern road at Petersburg and Moorefield and intermediate points and make connections at Romney and Green Spring with trains east on the Baltimore and Ohio road. Some coming from the South Branch Valley change at Hancock to the Western Maryland for Hagerstown, where direct connection is made with No. 27, reaching Shepherdstown at 4:40 P. M.

As will appear from the above, Shepherdstown is not an inaccessible place, as is sometimes supposed by those who live in the Trans-Allegheny portion of the State. It can be reached in a single day from all railroad points in a large majority of all the counties of West Virginia.

TRANSPORTATION FACILITIES

The latest available time tables show the following schedules on the railroads:

N. & W. South

No. 27—Hagerstown, 4:18 P. M.; Shepherdstown, 4:40 P. M.
No. 13—Hagerstown, 7:15 A. M.; Shepherdstown, 7:46 A. M.

N. & W. North

No. 14—Berryville, 3:15 P. M.; Shenandoah Junction, 3:59 P. M.; Shepherdstown, 4:15 P. M.
No. 28—Berryville, 8:39 A. M.; Shenandoah Junction, 9:22 A. M.; Shepherdstown, 9:35 A. M.

Western Maryland East

No. 10—Elkins, 7:10 A. M.; Davis, 7:30 A. M.; W. Va. Central Junction, 11:18 A. M.; Cumberland, 12:00 M.; Hancock, 2:00 P. M.; Hagerstown, 3:00 P. M.

B. & O. East

No. 32—Cumberland, 6:15 A. M.; Martinsburg, 9:00 A. M.; Shenandoah Junction, 9:31 A. M.

Nos. 38 and 8—Terra Alta, 9:20 A. M.; Cumberland, 12:25 P. M.; Green Spring, 12:45 P. M.; Martinsburg, 2:19 P. M.; Shenandoah Junction, 2:57 P. M. (Special stop).

No. 34—Cumberland, 3:00 P. M.; Green Spring, 3:35 P. M.; Shenandoah Junction, 6:37 P. M.

Hampshire Southern North

No. 66—Petersburg, 8:00 A. M.; Moorefield, 9:05 A. M.; Romney, 11:20 A. M.; Green Spring, 12:15 P. M.

Improved West Virginia Highways now lead to Shepherdstown from Franklin, Petersburg, Moorefield, Romney and all western points in the State.

CONDITIONS OF ADMISSION

Admission will be based upon graduation from a standard high school which according to the new rules of the State Board of Education means the completion of sixteen standard units. The following are strongly recommended: English, 4 units; social studies, 2 units, including American history and civics or government; sciences, 1 unit; mathematics, 1 unit, including ½ unit in arithmetic; vocational subjects, 2 units. It is provided that any curriculum prescribed or provided for in the new high school course of study may be accepted as meeting this requirement.

By special order of the State Board of Education, teachers of experience and others preparing to teach who are at least twenty-one years of age may be admitted and assigned to such college work as they are able to carry. In making up any deficiencies in high school work, six college hours may be substituted for a unit of high school work.

CREDIT FOR WORK DONE ELSEWHERE

Credit will be given students for satisfactory work done in other normal schools and colleges of the State, and also for work completed in such high schools, academies, seminaries, etc., as will seem, in the estimation of the committee to deserve accredited standing, or are

accredited either by The Southern or North Central Associations. Before receiving such credit students must present a written statement from such schools, signed by the principal or superintendent, setting forth in detail the work satisfactorily completed there.

Credit from classified high schools in West Virginia will be accepted unit for unit, provided the work has been done according to the plan laid down by the State Board of Education.

These credits should be sent before the student's entrance to the President or to Dean Kenamond, Chairman of the Committee on Credits.

No Credit for Fifth Year Normal Training High School Work After 1926

The State Board of Education permits the granting of a maximum credit of 20 semester hours of college work to students who have completed the fifth year of a normal training high school course prior to July 1, 1926. No college credit can be allowed for work done in Normal Training High Schools after that date.

HOW TO ENROLL

The student on the opening day of a term or semester should see the Registrar in the Library, fill out an enrollment card, and then pay the tuition fee to the Secretary found in the room adjoining the President's office. If any work has been done elsewhere, credits should be presented to the Dean, who will indicate in a general way the classification of any student. Students should then present themselves to their respective class officers (page 7), who will be found in their regular classrooms and will assist the student in making out programs of work. All except new students should carry their "course books" with them when consulting about class assignments. The class assignment card should then be exchanged for class tickets, which will be taken up by the instructors at the first class meeting.

AMOUNT OF WORK TAKEN

Thirty-six semester hours for the year is the maximum amount of work allowed. Thirty-four hours will usually prove sufficient for the average student. The student's first semester's work will be restricted to 16 hours, or 17 hours if physical education is included, and the work of any subsequent semester to 18 hours, except by permission of the Committee on Credits.

EXPLANATION OF TERMS

A semester hour consists of one hour recitation with two preparation hours per week for eighteen weeks. Two laboratory or shop periods per week equal one hour's work. Periods are 60 minutes in length.

Program means the daily scheme of work.

LATE ENTRANCE

All students are urged to enroll on the first day of a semester or term, but sometimes the opportunity to attend school does not open up to the student until the term is well started. To avoid any disappointment on late arrival, a student wishing to enter after the sixth day of a six weeks term, the ninth day of a nine weeks term, or the eighteenth day of an eighteen weeks term, should write the President for permission to enter late.

ABSENCE FROM CLASSES

Students who are absent from classes may secure excuses at the President's office. If no excuse is granted a proportionate deduction is made from the final grade. If a student has been absent 15% of the class periods for any cause, no grade can be given without permission by the President.

WITHDRAWAL AND CHANGE IN ASSIGNMENT

Students desiring any change in assignment or permission to withdraw from any other course should consult the Dean. Necessary withdrawals from school should be reported to the Dean's office to avoid having all work reported as failures. Unauthorized withdrawals from class or school are reported as failures.

MARKING SYSTEM

Final credit grades are reported in per cent with 70 as the passing grade.

Failure is given no percentage grade, but simply marked **F.**

A course not completed due to absence from examination, or requiring additional or special makeup work or second examination, is reported **Inc.,** meaning incomplete.

A course reported incomplete (Inc.) must be made up or completed by the student according to the following schedule:

Courses closing at end first semester not later than March 10.

Courses closing beginning spring term not later than May 20.

Courses closing end second semester or spring term not later than July 10.

Courses closing end summer term, 6 or 9 weeks, not later than September 20.

Courses not made up by the time scheduled automatically become failures and are so recorded.

Any student who fails to pass on 50% of the work carried in any semester will not be permitted to enroll the following semester without permission of the President.

AVERAGE NECESSARY FOR GRADUATION

While 70 is the passing grade for any subject, a weighted average of 80 on all subjects in a course is required for graduation from that course. This rule is effective for all students entering September 1928 and thereafter.

TUITION

The State Board of Education has adopted the following fees:

West Virginia students—$12.50 a semester.

Non-resident students—$25.00 a semester.

For the spring term—$7.50.

For the summer term—$12.50.

EXPENSES

Board and Room	$180.00	to	$205.00
Books and Stationery	25.00	to	30.00
Laundry	20.00	to	30.00
Tuition	25.00	to	50.00
Student Organizations	1.00	to	4.00
	$251.00		$320.00

To this should be added traveling and incidental expenses, which will vary with the distance traveled in coming to the school, and the personal habits and inclinations of the student.

BOOKS

Students will do well to bring with them any books they may have, but should not purchase new books until they have enrolled and been assigned to their courses.

Students of the more advanced classes frequently have second-hand books for sale at from three-fifths to four-fifths of the original cost.

New books may be secured from the College Book Store, at approximately one dollar per semester hour of credit.

BOARDING

Dormitory—So far as the accommodations allow, young women without friends or relatives in town will room and board in the dormitory. The rate has been fixed at $5.00, $5.25 and $5.50 per week, according to location of room.

A reservation fee of $5.00 should accompany each application for dormitory accommodations.

All the bed linen and toweling for the dormitory rooms are furnished by the State, but each student is requested to bring a pair of woolen blankets for the bed and also one small rug suitable for use before the dresser or study table or bed, also bathrobe and bedroom slippers.

Private Families—Many of the best homes in the town accommodate student roomers and boarders. Young women who fail to secure places in the dormitory take advantage of the privileges, and men also find accommodations with private families, where they seem to be well satisfied with their treatment. Board and room with private families varies from $6.50 to $8.00 per week.

The President has jurisdiction over these boarding places, and persons who keep student boarders are required to enforce any regulation in reference to the conduct of students in their homes which he may from time to time find it necessary to prescribe.

Students are assisted in finding suitable boarding places by the President and by the Y. W. C. A. and Y. M. C. A. of the school.

DORMITORY RULES

The following rules have been adopted by the State Board of Control:

1. No person shall room in the dormitory who does not board there.

2. No student who is not a resident of the State of West Virginia shall room in the dormitory.

3. The rates shall be as follows:

Board per week	$4.50
Front rooms, per week, per person	1.00
Rear rooms, per week, per person	.50

Each application for dormitory accommodations must be accompanied by a fee of $5.00 which will be applied toward payment of dormitory fees.

The State Board of Education has ruled that all students shall stay at the dormitory if there be room therein, unless excused by the President upon the written permission of the parents. The rules and regulations for the government of the dormitory are designed to meet the intellectual, social and moral needs of the students and are rigidly enforced. Any student who steadfastly refuses to conform to the regulations shall be dismissed from the school. No deductions are made on account of absence from the dormitories except at the regularly scheduled holiday vacations, and in cases of illness.

STUDENT LOAN FUND

A few years ago a student loan fund amounting to about $150 was contributed by alumni of the school, and several worthy young people have already been aided. The class graduating in 1917 invested $100 in a Liberty Bond, and the faculty at the same time invested $50, both contributing thus to the loan fund. Since that time the contributions have been increasing in number until the fund now approaches $500.

The Y. W. C. A. contributed $50 to the fund in 1927. Miss Ella M. Turner also makes a contribution of $50.00 annually.

The class of 1926 left $150 as a class fund which is to supplement the Student Loan Fund.

The fund is in charge of W. H. S. White, president of the school and ex-officio chairman of the loan committee; Ella M. Turner, member of the faculty and alumna; and Mrs. C. N. Byron, president of the alumni association. Applications for loans from the fund should be made to the president of the school.

Last year students were loaned $1,400 from the W. Va. Knight Templar Student Loan Fund. This is a great boon to deserving students. The amount is limited to $250 a year to each student.

RELIGIOUS INFLUENCES

It is not to be supposed because this is a State school and in no way connected with any religious denomination or sect that it encourages any the less character building and religious living. On the contrary, it is often found that the moral and religious atmosphere that pervades State schools such as this is in every way wholesome and as conducive to upright Christian living as that of schools which are under the domination of some religious sect.

Students are expected to attend at least one service each Sunday in the church of their choice. Shepherdstown has most excellent advantages in this regard, there being no fewer than seven churches having regular services, presided over by a clergy of unusual ability for so small a town. Students are welcomed to their services by both pastor and congregation and find here a pleasant church home. Most of the students are active workers in the Sunday schools and churches, as are also members of the faculty, most of whom are active members. Practically all the young women are members of the Young Women's Christian Association.

SOCIAL DIVERSIONS

Social diversions of a pleasing and cultural character are not lacking at Shepherd College. Receptions are given each year by the faculty and the various student organizations. All of these functions are given under proper supervision and they do much toward bringing about that cordial and sympathetic relationship between faculty and students that is so characteristic of this school.

MILLER HALL

EQUIPMENT

BUILDINGS

The school has now five large and commodious buildings in which to carry on its work. The oldest of the five is the original Shepherd College, now McMurran Hall. This was transferred by perpetual lease to the Board of Trustees of Shepherd College by Shepherd Brooks, Esq., of Boston. This Board, which is a self-perpetuating body, put the building at the State's disposal for normal school purposes at the school's first founding; and it was the sole home of the school continuously until 1897, when the school occupied a new building erected just north of the College, which was destroyed by fire in the spring of 1901. The "Old College" is now used as a music hall and is also headquarters for the literary societies. It contains six commodious rooms.

Adjoining the above is Reynolds Hall (the old Town Hall), which was erected in 1889 by the citizens of Shepherdstown and was put at the disposal of the school. It was used until recently for commencement exercises, lectures, receptions, etc., and was the place for holding chapel exercises. It is now used for theatricals.

The new Shepherd College building, recently named Knutti Hall, was completed and first occupied in the spring of 1904. It is thoroughly modern and well appointed. The basement contains a large gymnasium, lavatories, toilet rooms, a manual training shop and laboratories for biology and agriculture, and home economics. The first floor contains the President's office, general office, study hall, library, cloak rooms and six commodious class rooms. On the second floor are found a fine auditorium, with seating capacity of about seven hundred, five class rooms, Y. W. C. A., etc. This building, as also the other, is heated by hot water. The boiler-room is a short distance from the main structure. The building is lighted by electricity.

WHITE GYMNASIUM

In a climate like ours, where much of the year the weather is unfit for out-of-door sports, it is essential that schools have gymnasiums of dimensions adequate to admit of various indoor games and exercises, and equipped with all needed appliances for the development of the physical man. Shepherd College possesses such a gymnasium, in its new Physical Educational Building. It has ample room for basketball, tennis and indoor baseball, and is used continually by the students. Physical education classes are held in this building and are open to both sexes.

FAIRFAX FIELD

This fine field lies in the rear of Miller Hall and is entirely adequate for all open air games, football, baseball, hockey and track.

MILLER HALL

This hall for women is a three-story colonial dormitory just two squares from the main building. It is modern in every detail and offers advantages that have been demanded by our patrons for some years. The dining room with a capacity of one hundred or more, laundry, kitchen, serving room and the heater room are on the first floor. On the second floor are a large reception room, a rest room, library and nine bed rooms 15 x 12. Each bed room contains two closets with shelves and lavatory with hot and cold water. Bath room and lavatories are found at each end of the corridor. The third floor contains thirteen bed rooms, a hall and lavatories. The east, north and south sides have porches. All inquiries concerning rooms should be addressed to the President of the school.

RUMSEY HALL

The Men's Dormitory in the center of town is of red brick, contains nineteen bed rooms, two reception rooms, and is equipped with bath rooms, lavatories, electric light and steam heat. All meals are served in the dining room at Miller Hall.

Reservations may be made by applying directly to the President.

LABORATORIES

The Biology Laboratories occupy two rooms equipped to meet increasing needs growing out of the enriched curriculum. They are plumbed for water and furnished with biological tables accommodating thirty-two students at one time. Each table is supplied with a student's dissecting microscope, and each group of eight students has access to a splendid Spencer microscope magnifying above 400 diameters. An excellent collection of zoological specimens has been made and a school garden on the ground offers opportunity for illustrative work. This is one of the best equipped laboratories for botany, zoology, nature study, etc., to be found anywhere.

The Chemistry Laboratory has accommodations for twenty-four students at one time, and is equipped with all necessary chemicals and apparatus for standard work in first and second year college chemistry. A blan gas system renders the heating the same as with natural gas.

The Physics Laboratory is well supplied with demonstration apparatus and complete sets of apparatus for individual experiments.

The Domestic Science Department is fitted with an electric range, an oven, tables for twenty-four students, and all necessary culinary apparatus for individual and group work. For domestic art six Singer sewing machines and several cutting tables are provided. The new Home Economics Cottage recently equipped is one of the most admired and artistic buildings on the campus.

Numerous geological specimens, maps, tellurians and charts meet the needs of geography for illustrative teaching.

LIBRARY

The library occupies a handsome and exceptionally well-lighted room adjoining the study hall. It is open from 8:15 A. M. until 5:00 P. M. every school day, and from 9 A. M. to 12 M. on Saturdays. Books may be taken out and kept not exceeding two weeks. It contains about 10,000 well-selected bound volumes and several hundred pamphlets, periodicals and magazines. The library is used also as a reading room, and on tables and racks may be found about seventy of the best current magazines, periodicals and newspapers.

STUDENT ACTIVITIES

Parthenian Literary Society—A volunteer organization of students, giving literary programs every Friday afternoon during the school term.

Ciceronian Literary Society—Similar to the Parthenian Society.

Young Women's Christian Association—The regular time of meeting is Thursday afternoon.

Athletic Association—Every student in school is a member of this association by virtue of the fee paid at the time of enrollment each term. In return for this fee the student has free use of athletic equipment and free admission to all games held under the auspices of the association.

Tennis, hockey, basketball, baseball and football are the forms of athletics regularly supported.

The Picket—This school paper now in its thirty-fourth year is issued twenty times a year by a staff of student editors with the approval and help of the faculty. The class in journalism offers regular credit.

County Clubs—Several years ago the students from each of the several counties of the eastern panhandle formed organizations which have been active in increasing fellowship among their own number as well as letting the home folks know through the county newspapers of their activities at Shepherd College.

Forensic Society—The school is a member of the West Virginia Intercollegiate Forensic Association. During the past year intercollegiate contests in debate were held with West Liberty and Fairmont normal schools. A representative won second place at the State Oratorical Contest at Clarksburg. Students are awarded gold medals for making the teams for inter-collegiate contests.

The Cohongoroota—This school annual is published by the Junior Class each year. It is one of the outstanding publications of the State.

COURSES OF STUDY

Three courses of study are offered, as follows:

1. Standard Normal Course, consisting of two years and preparing for teaching in the elementary school. (See page 21.)

2. Junior College Course, consisting of two years and meeting the general requirements, aside from major and minor, for the A.B. degree, especially the A.B. for teaching in high schools. (See page 29.)

3. Third Year College Course, open to those who have completed the junior college course and preparing for a provisional high school certificate. (See page 31.)

STANDARD NORMAL COURSE

The normal course is a two-year course for the preparation of teachers for town and city elementary schools, or for rural schools. Every normal course graduate receives a standard normal teacher's certificate good for teaching in any elementary or junior high school of the State. This certificate is valid for five years, and is renewable, so that it is practically a life certificate.

Summary of Requirements

		Semester Hours
1.	English	10
2.	Social Studies	6
3.	Geography	6
4.	Science	6
5.	Education	20
6.	Health and Physical Education	6
7.	Music	4
8.	Art	4
9.	Elective	6

RULES AND REGULATIONS FOR STANDARD NORMAL COURSE AND ELEMENTARY CERTIFICATES

Non-Credit Subjects

Arithmetic. A standard Arithmetic Test is given all students entering for the normal course. The standard form for the eighth grade must be met or the student is required to take additional work in the subject.

English. A standard English Test is given all first year students. Those who do not meet eighth grade standards are required to take the work without credit until the standard is reached.

Writing. All students in second year of the normal course who fail to make a grade of 70 on the Ayres Handwriting Scale are required to enter the class in this subject before graduation.

Resident Work

1. The term "Resident Work" shall be interpreted to mean either—

(a) Work done on the campus of the institution, or

(b) Work done under conditions that in the opinion of the faculty give the student approximately the same institutional privileges and influences as are afforded to students in regular attendance in residence, or

(c) Work done in a school organized by the institution away from the institutional campus when at least half of the members of the institutional staff are members of the faculty of the institution.

2. The amount of resident work required in the school that grants a diploma and recommends the applicant for a certificate is as follows: Standard Normal, 36 weeks; Short Course, 24 weeks; Temporary Certificate, 9 weeks.

No Advance Credit for Work of High School Grade

Work done in a high school or other institution before the completion of a standard four-year high school course shall not be credited for advanced credit in the state normal schools and colleges.

Limits on Credit for Professional Work

The minimum and maximum of professional work in the courses listed below:

(a) Standard Normal Course, maximum 20 hours.

(b) Short Normal Course, minimum 12 hours.

No Credit for Teaching Experience

After July 1, 1927, no credit for teaching experience will be allowed toward the completion of any course.

Credit on Teacher's Certificate

1. On an elementary certificate earned in the Uniform Examination, one-half unit of high school credit may be allowed on each of the following subjects in which the applicant has received a grade of 85 per cent or more: Reading, grammar, arithmetic, physiology, United States history, geography, agriculture, civil government, theory and art of teaching, State history, bookkeeping, ancient history.

2. Credit for subject on a teacher's certificate cannot be allowed if the student has already received credit **for identical** or **similar** work.

3. Credit given on reading and English grammar on account of a teacher's certificate can be substituted only for first year high school English.

Credit on Reading Circle Books

No student shall be allowed more than 2 units of high school credit or 6 hours of college credit for Reading Circle courses. If credit is given on both high school and college courses, the total shall not amount to more than equivalent of the maximum allowed for either one.

Correspondence and Extension Work

1. The amount of extension and correspondence work that may be accredited in meeting the requirements for certificates is as follows:

Standard Normal..... 12 hours.
Short Course and Temporary Certificates..... 4 hours.

2. The total amount of extension and correspondence work that may be done during one term of teaching shall not be more than 8 hours, and not more than 6 hours of this may be in correspondence.

Short Course, Temporary and Equivalent Certificates

1. The short course certificate is issued on the completion of 48 semester hours of the approved curriculum for the standard normal certificate, with a minimum of 12 hours in education.

2. The first grade certificate is issued on the completion of 40 semester hours of the approved curriculum for the standard normal certificate, with a minimum of 8 hours in education.

3. The second grade temporary certificate is issued on the completion of 32 semester hours of the approved curriculum for the standard normal certificate, with a minimum of 8 hours in education.

4. Equivalent normal certificates may be issued only to teachers of ten or more years experience who have the necessary credits but do not meet the residence requirements for a standard normal diploma.

Renewal of Certificate

1. The applicant for the renewal of a temporary certificate must have taught successfully on the original certificate and be recommended by his county superintendent. He must also have completed eight semester hours of school work since September 1 of the immediately preceding year, and at least six of these hours must have been done in residence.

2. All certificates issued for a period of five years (elementary by examination, standard normal, special, supervisors and high school) may be renewed on expiration if the applicant has taught three full terms during the life of the certificate and the renewal is recommended by the county superintendent. School work is required on first renewal of all certificates issued after 1922 and on second renewal of all certificates issued previous to 1922. The requirement is six semester hours in an accredited school or pass an examination on two of the state reading circle subjects with a grade of 85. The third renewal is a life certificate.

JUNIOR COLLEGE COURSE

For the Preparation of High School Teachers, Principals and School Administrators

This course embraces the first two years of work for the A.B. or B.S. degree. It is designed for students who wish to complete their college degree in preparation for work in high schools or supervision and administration. This school is accredited by the American Association of Teachers Colleges as **A Junior Teachers College, Class A.** The work is fully accredited by West Virginia University, Bethany College, West Virginia Wesleyan, Marshall College, Fairmont Teachers' College, and other standard colleges and universities.

THIRD YEAR COLLEGE COURSE

This year of work is offered primarily to enable students to qualify for a provisional high school certificate. The work is accredited by all West Virginia colleges.

Third Year College Requirements

1. Entrance based on completion of Junior College Course previously listed.
2. Selection of a first and second teaching subject and completion of the number of hours in each as listed in one of the following approved combinations:
   - (a) English, 24 hours, and French, 2 units and 15 hours.
   - (b) English, 24 hours, and Social Studies, 24 hours.
   - (c) Social Studies, 24 hours, and French, 2 units and 15 hours.
   - (d) Social Studies, 24 hours, and Mathematics, 10 hours.
   - (e) English, 24 hours, and Latin, 2 units and 15 hours.
   - (f) Social Studies, 24 hours, and Latin, 2 units and 15 hours.
   - (g) Biology and General Science, 24 hours (8 hours each of Biology, Chemistry and Physics), and Mathematics, 10 hours.
   - (h) Art, 24 hours.
   - (i) Home Economics, 30 hours.
3. Completion of 8 hours of education (Education 301, 302 and 303).
4. Completion of a total of 96 hours.

Provisional High School Certificate

(Valid for one year)

This certificate is issued on the completion of three years of college work or 96 semester hours, eight of which must be in education.

The provisional high school certificate will be renewed if the holder taught on it during the past two years and completed six hours of approved school work since September 1, 1928. (In effect July 1, 1929.)

Academic Work in High School Teaching Fields Required for Certification

Subject Groups	First Class Certificate Semester Hours	Provisional High School Certificate Semester Hours
English	34	24
Physical Sciences (Chemistry 16, Physics 16)	32	12 of each
Biology and General Science (Biology 20, Chemistry 8, Physics 8)	36	8 of each
Mathematics	16	10
Foreign Languages	20	15
Commerce	36	24
Home Economics	40	30
Physical Education	30	15
Manual Arts	35	24
Music	40	24
Art	34	24

Special Certificates

(Valid in all schools for 5 years for Teaching the Special Subjects indicated by the Name of the Certificate)

Special Certificates are issued in the following subjects:

1. Physical Education
2. Drawing and Art
3. Practical Arts
4. Music

An applicant for a special certificate to teach any one of the above subjects **must complete a standard two-year curriculum** in such subject, given by an accredited school that has made special preparation for such training. This curriculum must require graduation from a first class high school for entrance and 64 semester hours for graduation including 24 semester hours in the special subject, 8 semester hours in education and 10 semester hours in English. (See Bulletin No. 7 for curricula in these teaching fields.)

SUMMER SCHOOL

A Summer School for teachers and those expecting to teach was first instituted here during the summer of 1907. The experiment proved so successful that a similar school was again instituted in the summer of 1908. The twenty-second annual summer school was opened June 10, 1929. The length of term is nine weeks.

Those who are interested in summer school work for next year should notify the President, or A. D. Kenamond, director of summer school, early in the spring of 1930.

EXTENSION AND CORRESPONDENCE STUDY

During the past ten years this school has offered several courses by correspondence. This is a method by which students knowing how to study may do some work toward graduation while out of school. The scheme is devised to encourage worthy students only and does not contemplate the mere reading up of a subject to take the chances on an examination. Definite suggestions, directions and questions are worked out in typewritten form and mailed to the student a lesson at a time. The teacher requires written reports on each lesson.

The fee for a correspondence course is $5.00 for each hour of credit.

See special regulations of State Board of Education as to the maximum amount of credit that can be earned in this department.

Prof. W. R. Thacher is the Director of Extension. A special bulletin is issued and will be sent upon application.

The following correspondence courses were offered by regular members of the faculty during the past year:

Educational Psychology, Child Psychology, Problems of Rural Education, School Hygiene, Rural Sociology, Geography of North America, Survey of American Literature, General Agriculture, Horticulture and Sewing.

RUMSEY HALL

OUTLINE OF WORK BY DEPARTMENTS

Scheme of Numbering Courses—Courses numbered 101 to 199 are for first year students; 201 to 299 for second year students; 301 to 399 for third year students. First year students are not admitted to courses numbered 301 to 399. Third year students must elect at least one-half of their work from courses numbered 301 to 399.

AGRICULTURE

MR. NEWCOME

101. **General Agriculture**—This course is primary and extensive in its nature. It is aimed to get a general view of the entire subject in all its various phases.

Text: Gehr's Principles of Agriculture.

Credit—Three hours.

102. **Horticulture**—A course in fruit growing dealing with the scientific and practical side of commercial and home fruit plantations. The college orchard and those in the vicinity are used for demonstrational work.

Text: Sears' Productive Orcharding.

Credit—Two hours.

201. **Animal Husbandry**—Breeding and care of domestic and farm animals. Credit—Two hours.

ART

MISS IRELAND

101. **Introduction to Art**—A general introductory course for beginners designed to prepare them for illustrative and constructive work in connection with public schools. It includes freehand perspective, plant, animal and figure drawing in pen and pencil outline, mass and color; also construction and constructive drawing. Required of standard normal students.

Credit—Two hours.

102. **Public School Art**—This is a course of training in art designed to meet the needs of grade teachers. Art 101 prerequisite.

Text: Industrial Arts Drawing.

Credit—Two hours.

104. **Commercial Art**—To be applied to posters and school publications. This course will include lettering and the cartoon, color harmony and a study of the principles of unity, balance and harmony as applied to the book.

Mediums used are pencil, color pen and ink.

Credit—Three hours.

201. **Art Appreciation**—The purpose of this course is to acquaint pupils with masterpieces of architecture, sculpture and paintings that are recognized by competent judges and to interest them in American art. Description, meaning and history of pictures are features, but the aim is the study of art form. Art history by periods will be considered with a special study of the art of Washington, D. C.

Credit—Four hours.

202. **Mechanical Drawing**—Designed for Junior College students who may plan for mathematics, home economics, architecture or engineering.

Credit—Three hours.

301. **Principles of Design**—The course consists of talks, class discussions and some drawing. A study of color in relation to the house and dress. Furniture as regards utility, construction, period, styles. Framing and hanging pictures.

Credit—Three hours.

302. **Applied Design**—The topics are principles of design, rhythm, balance and harmony as applied to the crafts; paper and cardboards construction; leather and china.

Credit—Three hours.

CERTIFICATE OF PROFICIENCY IN ART

To those possessing special talent in drawing, a Certificate of Proficiency in Art will be given provided they hold the standard normal diploma and have completed not less than 24 semester hours in art. This course should enable a student to qualify for the special certificate to teach or supervise art in the public schools.

COMMERCIAL WORK

MISS WILLIAMS

Accounting 101—A study of bookkeeping as applied to the retail grocery business owned by an individual and known as single proprietorship.

Credit—Three hours.

Accounting 102—The object of this set is to illustrate the application of the principles of accounting in a business conducted as a corporation and gives further practice in classifying accounts and recording transactions.

Credit—Three hours.

Stenography 201 and 202—The development of phonetic writing as conceived by Gregg and worked out in his manual. The manual is supplemented by work in shorthand penmanship, and in the progressive exercises intended to increase finger dexterity and a thorough under-

standing and skillful application of the principles of shorthand. Transcribing on typewriter.

Text: Manual of Shorthand, Gregg; Speed Studies, Gregg.

Credit—Six hours for the year.

Typewriters of several makes are furnished on which students are given instruction. No credit is given, however, for typewriting except in connection with stenography.

EDUCATION

MR. ASH, DEAN KENAMOND, MISS SHAW AND MRS. ISRAEL

101. **Introduction to Education.**—The purpose of this, the student's first course in education, is to enlarge his view of the public elementary school. The course will seek to give him an intelligent and sympathetic understanding of the field of teaching and to develop within him the right attitudes and true interest in the profession. Some of the topics to be emphasized are: the aims and changing conceptions of education; the evolution of the modern elementary school; the development of modern methods of instruction; important problems facing the beginning teacher; types of teaching; school housekeeping, daily programs and records; grading and promoting, etc. Much reading is done outside the text on topics not included in it.

Text—Avent, Beginning Teaching.

Credit—Two hours.

102. **Educational Psychology A.**—After a brief preliminary study of the nervous system, the various economic ways of learning are taken up with a view of their application to the teaching process. The field of study is made as wide as life itself, but in the end the relationship is traced to some principle of learning as it effects boys and girls in the classroom.

Text—Gates, Psychology for Students of Education.

Credit—Two hours.

103. **Teaching of Arithmetic.** Topics: (1) Aims in arithmetic teaching and the history of their development.

(2) Objectives for each grade.

(3) Methods of:

(a) Presenting new material.

(b) Drill.

(c) Application—theory and practice.

(4) Materials and supplementary books.

(5) Measuring results—diagnosis and remedial work.

Text—Overman, Principles and Methods of Teaching Arithmetic.

Credit—Two hours.

104. **Teaching of Reading.** The purpose of this course is to present the aims of reading instruction and the importance of reading in modern life together with the methods for giving the child mastery over the reading situation in life and establishing permanent reading interests. Topics: the work of the eye in reading; oral and silent reading; speed and comprehension; standards for grades; reading in the primary grades; reading in the intermediate grades; and reading in the upper grades.

Text—Stone, Silent and Oral Reading.

Credit—Two hours.

201. **Teaching of Language, Spelling and Writing.** The purpose of this course is to present methods of teaching English that will train pupils in effective thinking and stir them to fullest self-expression. Topics: objectives of the teaching of language in the public school; development of language ability; vocabulary development; utilizing oral and written composition; how to measure progress in composition; the aim of the spelling course; development of spelling ability; the aim of writing; development of the writing movements; and scales and methods of measuring.

Text—Klapper, The Teaching of English in Elementary and Junior High Schools.

Credit—Two hours.

202. **Teaching of History and Geography.** This course is introduced by a study of the purpose and value of history and geography. With these as starting points, the students plan a course of study, select reading and material, and plan procedures that will accomplish the objectives stated for each grade. Geography methods are given the first half and history methods the last half of the term.

There is no regularly adopted text.

Credit—Two hours.

203. **Educational Psychology B.** The object of this course is to give a reasonably scientific understanding of body, mind and social development in children. It might be called child psychology. A cross section of the child's life at various ages is studied in order that the teacher may better understand how to deal with him in his behavior in school and out.

Text—O'Shea and Others, The Child, His Nature and His Needs.

Credit—Two hours.

204. **Problems of Rural Education.** The rural schools have so many problems peculiar to themselves that special attention must be given to their solution. This course aims to prepare the student for handling the most difficult position of a one-room rural teacher. Through observation, text book study and the reading of great experimental publications,

the best modern practices are presented and their application to varying conditions are discussed.

Credit—Two hours.

205 and 206. **Observation and Directed Teaching.** This consists of observation and actual teaching in the demonstration school for the elementary grades throughout the senior year.

Credit—Four hours for the year.

Note: Ninety clock hours of student teaching are required for all graduates from the standard normal course.

301. **Educational Psychology C.** This is a course in general psychology for high school teaching, including the nature of the learning process, the laws of learning, mental hygiene and individual differences. Ten to fifteen experiments are performed.

Credit—Three hours.

302. **Principles of High School Teaching.** A study of the principles governing learning and teaching in high schools and an evaluation of classroom procedure.

Credit—Three hours.

303. **Directed Teaching in High Schools.**

Credit—Two hours.

304. **Test and Measurements.** The aim of this course is to improve the teaching, grading, promoting and classifying of pupils. A study is made of the various types of tests such as individual and group intelligence, achievement, diagnostic, personality traits, etc. Just enough of statistical processes are taken up to enable the student to compute the mean, median and standard deviation and to understand simple correlations. In the absence of a text book, the work is carried on by assigned readings, the giving and scoring of tests, the examination of numerous tests and class discussions.

Credit—Two hours.

ENGLISH

MISS TURNER, MISS CLARK AND PRESIDENT WHITE

101. **Composition.** This course is required of all students taking the standard normal course. It consists of instruction in composition, special attention being paid to mechanics, essentials of grammar, the sentence, and the paragraph. At least two themes are required each week.

Texts—Greever and Jones' Century Collegiate Handbook and Grose's College Composition.

Credit—Three hours.

102. **Composition.** A continuation of Composition 101. Special attention to practice in writing narratives, descriptions, expositions and argumentative themes.

Credit—Three hours.

103 and 104. **General Survey of English Literature.** These courses are designed to meet the usual requirements for Freshmen College work in Literature. An elective for standard normal course.

Texts—Century Readings—Cunliffe, Pyre and Young, and History of English Literature—Neilson and Thorndike.

Credit—Two hours each.

106. **American Literature.** This course deals with type forms of American Literature from the Colonial period to the present time. Elective for standard normal course.

Texts—Newcomer and Andrews' Three Centuries of American Prose and Poetry.

Credit—Three hours.

201. **Public Speaking.**

Elective for standard normal students.

Text—"Lessons in Vocal Expression, Course I."—Curry.

Processes of thinking in the modulation of the voice.

Delivery. (Eight selections required for semester aside from Text.)

S. S. Curry's "Smiles." Reserve shelf reading.

Credit—Two hours. Mrs. White.

202. **Children's Literature.** The aim of this course is to acquaint students with the various types of literature that are suitable for children in the grades and to give practice in story telling and dramatization. Required for standard normal course.

Texts—Curry and Clippinger's Children's Literature.

Credit—Two hours.

204. **Play Productions.**

Carolina Folk Plays, Book I and II.—Koch.

The Cross-Stitch Heart.—Rachael Field.

Original play by class.

Credit—Two hours. Mrs. White.

205. **Journalism.** A course in news gathering and writing, with laboratory practice on the college paper. (Elective for standard normal.)

Credit—Two hours.

301. **The American Short Story.** This course will trace the development of the American short story as a literary form.

Texts—Jessup's Representative American Short Stories.

Credit—Three hours.

302. **Contemporary American Literature.** This course includes a study of prose and poetry covering a period of the past fifty years. Reading work out of class with required reports supplements recitation work.

Texts—Pattee's, A History of American Literature since 1870.

Credit—Two hours.

303. **Shakespeare.** In this course four of Seakespeare's tragedies are studied closely and critically, and a number of others are read.

Credit—Three hours. President White.

305. **Advanced Public Speaking.**

"Classic Selections from the best authors."—Curry.

Debate, oration, original stories.

Credit—One hour.

306. **Library Work.** The aim of this course is to teach how to use the library and to become acquainted with basic reference works.

Credit—One hour. Miss Arnold.

FRENCH

MISS TROTTER AND PRESIDENT WHITE

French 101—Elementary French. Fraser and Squair's Briefer Course, Aldrich and Foster's, A French Reader. Composition. Sight reading. Simple conversation.

French 102—Continuation of 101. Irregular verbs begun. Text completed. Correspondence with French students in France is maintained.

Credit—Six hours for the year. President White. Not open to those who have had High School French.

French 201 and 202—During the second year, a large number of books are read. Colomba, works of Daudet, Dumas, Andre, Theuriet, etc., are taken up and completed. Le Petit Journal comes to the school and is read by the class.

Credit—Six hours for the year. Miss Trotter.

French 301 and 302—Advanced reading and composition.

Credit—Ten hours for the year.

GEOGRAPHY

MISS TROTTER AND MR. THACHER

101. **Principles of Geography.** (Required for standard Normal.) A courses in physiography, soil, climate and their effect on settlement and civilization.

Text—Huntington and Cushing Principles of Human Geography.

Credit—Three hours.

102. **Geography of North America.**—(Required for standard normal.) An intensive course depicting the life, activities and industries of the people of North America by regions.

Text—J. Russell Smith's North America.

Credit—Three hours.

104. **Geography of West Virginia.**—(Elective for standard normal.) A study of the resources and the industries of West Virginia.

Shawkey's West Virginia is used, together with library assignments, and outside readings.

Credit—Two hours.

201. **Geography of Europe.**—(Elective for standard normal.) A study of selected geographic regions of Europe.

Credit—Three hours.

HISTORY AND SOCIAL STUDIES

MRS. GARDINER AND MR. THACHER

101. **Ancient and Mediaeval Civilization**—Will be a view of the progress made in civilization by the early peoples in the Orient, and Europe, including Greece, Rome, the triumph of the Barbarians, and the rise of the modern states.

Credit—Three hours.

102. **Bible History**—The purpose of the course is to make an historical study of the Bible as it is related to ancient history.

Text—Blaikie, Manual of Bible History.

Credit—Two hours.

103. **Early European History to 1715**—Beginning with the closing days of the Roman Empire, the German migrations, the great movements of the Middle Ages to the Peace of Utrecht, and the death of Louis XIV, 1715.

Text—Robinson's History of Western Europe, Volume I.

Credit—Three hours.

104. **Later European History**—Tracing the course of European History from the time of Louis XIV to the present.

Text—Robinson's History of Western Europe, Vol. II.

Credit—Three hours.

201. **American History to 1865**—The purpose will be to trace the colonial life, the growth in popular government; the struggle for independence, the Constitution, and the national life to 1865.

Text—Bassett, A Short History of the United States, 1492-1920.

Credit—Three hours. (Required for standard normal.)

202. **Later American History**—This course will show the advancement in the social and economic life of the people of the United States since 1865, their advancement in democracy, the growth of the United States as a world power, and their part in the World War.

Text—Bassett, A Short History of the United States, 1492-1920.

Credit—Three hours. (Required for standard normal.)

203. **General Sociology**—An introduction to the study of social life, its origin, evolution and organization.

Text—Hayes, Introduction to the Study of Sociology.

Credit—Four hours.

THE FORENSIC TEAM

THE GYMNASIUM

204. **Rural Sociology**—An introductory course for understanding and control of rural conditions in this and other States. The relation of the rural school to rural life is studied.

Text—Gillette, Rural Sociology.

Credit—Two hours. (Required for rural course in standard normal.)

205. **Principles of Economics**—A course on the great principles which govern consumption, production, distribution and the exchange of wealth.

Text—Faubel.

Credit—Three hours.

206. **Applied Economics**—An advanced course in the principles of Economics to meet the requirements for high school teachers of social science.

Text—Bye and Hewitt.

Credit—Three hours.

301. **The American Government**—A study of the American Government in the practical operations.

Text—Kimball, The United States Government.

Credit—Three hours. (Elective for standard normal.)

302. **State and Local Government**—A comparative study of state and local governments, with special attention to West Virginia.

Credit—Three hours.

HOME ECONOMICS

MABEL M. HALL

101. **Home Economics for the Elementary School Teacher**—Elective for Standard Normal. The subject matter of this course deals with specific problems of the elementary school child. It includes a study of the nutrition program in the grades; food selection from the standpoint of teaching; the hot school lunch; standards in the selection and purchase of suitable and artistic clothing; the hygiene and care of clothing; the wiser use of money; and a survey of references, and illustrative material for teaching.

Credit—Three hours.

103. **Clothing Selection and Construction**—The aim of this course is to develop the taste and train the judgment in the selection, use and care of clothing and to give practical experience in planning, designing, and construction of different types of garments. It includes a study of the use and care of the sewing machine, the use and alteration of commercial patterns, and an analysis of clothing budget for the college girl; also the production, manufacture, and use of all textile fabrics, with tests for their identification and economic value.

Credit—Two hours. (4 periods.)

104. **Clothing Selection and Construction**—A continuation of Clothing 103. A study of the elements of design and color used in the costume with practical application to garments made in this course.

Credit—Two hours. (4 periods.)

106. **Household Management**—A study of homemaking as a profession; the elements of successful homemaking. House planning and the arrangement of space; studies in the conservation of time and energy. The use of labor saving equipment. The wise use of the family income through the budget system. The responsibilities of the homemaker to her family and to the community.

Credit—Two hours.

201. **Foods**—A study of the source, manufacture, selection and cost of foods; comparison of their characteristics and composition; care of food in the home. Laboratory work is given to illustrate processes of cookery and secure skill in use of materials. A study of each of the family meals is made, following which practise is given in meal planning, cooking, and serving of these meals in the laboratory dining room.

Credit—Three hours. (6 periods.)

202. **Foods**—A continuation of Foods 201 with further practise in food selection, food marketing, and planning of meals. Food preservation. The study of the diet in abnormal conditions. Planning and serving of meals for special occasions.

Credit—Three hours. (6 periods.)

204. **Foods and Nutrition**—For students not wishing to take the laboratory course in foods. The principles of human nutrition; selection of foods for normal adults and children. Calculation of individual dietaries for class members. Practical meal planning for the home. Special dietary problems as underweight, overweight, etc.

Credit—Two hours.

301. **Advanced Clothing**—Practical work in the designing and construction of more difficult outer garments in wool and silk fabrics. The construction of paper dress form. One problem in the renovation and remodeling of used garments. A more complete study of buying of textiles and clothing.

Credit—Three hours. (6 periods.)

304. **Child Care and Development**—The physical, mental and social development of the pre-school child; habit formation and mental hygiene; the common dangers to child health. A study of the agencies working in the interests of children and their contribution.

Credit—Two hours.

LATIN

MISS TROTTER

Latin 101 and 102—Scott's Elementary Latin and fourteen chapters of Cæsar.

Credit—One unit or 6 hours for the year. Not elective for those who have had High School Latin.

Latin 103 and 104—Four books from Cæsar's Gallic War. Composition based on the text throughout the year.

Credit—One unit or 6 hours for the year.

Latin 201 and 202.—Cicero, the four orations against Catiline, and the oration of Archias.

Credit—Six hours for the year.

Latin 301 and 304—Six books of Virgil's Æneid, with history, mythology and scanscion.

Credit—Six hours for the year.

MATHEMATICS

MISS TROTTER AND MR. STUTZMAN

101. **Solid Geometry**—Practical examples and original exercises throughout the course.

Credit—Three hours.

102. **Trigonometry**—The practical value of Trigonometry is very great, since it is essential to the work of surveying, astronomy and, indeed, to all sciences which depend upon mathematical demonstrations. Trigonometry treats of the relations of lines and angles by algebraic methods.

Credit—Two hours.

201. **Advanced Algebra.** Credit—Three hours.

302. **Analytical Geometry.** Credit—Three hours.

MUSIC

MISS McCORD

201. **Introduction to Music.**

A study of major and minor scales.
A study of various rhythmic forms.
The use of signs, words, abbreviations.
Sight singing exercises. Ear training.
Singing and analysis of Folk and Art Songs.

Text—Music Notation and Terminology by Karl W. Gehrkens.

Credit—Two hours.

202. **Public School Music.**

Methods of teaching music in the primary grades.
Study of the child voice.
Rote song process.
Methods in the intermediate grades.
Rote to Note process through Pattern Songs.

Text—Nohavec Normal Music Methods.

Credit—Two hours.

The department of music offers instruction also in piano, voice, harmony and history of music. The cost of this instruction, however, is not covered by the regular enrollment fee. Tuition in piano and voice is 75 cents a lesson.

There are four practice pianos for free use of music students. Knabe and Haines Brothers pianos are used exclusively.

Public recitals and concerts are given frequently. The glee clubs and mixed chorus offer excellent opportunity in vocal drill, and an excellent orchestra affords development of talent in instrumental music.

Piano

101. **Piano A**—Studies by Heller, Czerny, Cramer and Mendelssohn; Bach's Two-part Inventions, concertos and sonatas by Mozart, Schubert and Haydn.

102. **Piano B**—Bach's Three-part Inventions, Hanon and Cramer studies; pieces by Brahms, Chopin, Mozkowski and MacDowell, adopted to the needs of the pupils.

203. **Piano C**—Beethoven Sonatas, concerts by Mendelssohn, Book II, Haydn, and pieces by Brahms, Raff, Rubenstein and Tschaikowsky.

204. **Piano D**—Chopin's Polonaise, Greig's Holberg Suite, Bach's Preludes and Fugues and selections from Wagner, Schumann and Liszt. One concerto is to be memorized.

Voice

103. **Voice A**—Study of the fundamental principles of physiology and psychology which govern voice production: Detailed study of English diction; standard vocalises and studies; simple English songs.

104. **Voice B**—Technique of course I continued; vocalises and studies continued; more difficult songs including German, French or Italian songs.

205. **Voice C**—Advanced technique; public performance of classical and modern songs; self-prepared English song.

206. **Voice D**—Technique continued; arias from an Oratorios, German, French and Italian songs; public recital.

301. **Advanced Voice**—Program building; arias from Operas and Oratorios; songs, classic and modern.

A diploma in piano is awarded for the completion of the four courses in piano, one course in musical history, three courses in harmony and one course in ear training. Three units of English and one unit of French are required.

A diploma in voice is awarded for the completion of three years in voice. Two units of English and one unit of French are required.

PHYSICAL EDUCATION AND HYGIENE

MISS ERVIN AND MR. NEWCOME

Note:—A physical examination is required for entrance to all physical education courses.

Physical Education 101—A foundation course in the principles of physical education including formal and informal gymnastics and posture training.

Credit—Two hours (5 days a week).

102. **Health and Hygiene**—A course in personal hygiene and in sanitation for school and community.

Text—Terman.

Credit—Two hours.

201. **Games for Children**—A course in games, suitable for playground, schoolroom, home and gymnasium.

Credit—Two hours (2 days a week).

Physical Education 202—Methods of teaching games, marching, formal gymnastics and folk dancing.

Credit—Two hours (2 days a week).

301. **Advanced Physical Education for Women.**

Credit—One hour (2 days a week).

303. **Advanced Physical Education for Men.**

Credit—One hour (2 days a week).

304. **Folk Games**—Folk dances and games of the different nations.

Credit—Two hours (4 days a week).

PHYSICAL SCIENCES

MR. STUTZMAN

103. **Physical Nature Study**—A study of stars and constellations, soil, rocks, ores, limestone, coal, buoyancy of air, hydraulics, wind and water power, heat, applications of steam and gasoline, magnetism and electricity, light and optics, sound, and mechanics. Required for normal course students preparing to teach in the upper grades and for others offering no physics from high school. A total of 72 class hours.

Text—Hodgdon.

Credit—Three hours.

Chemistry 111—Three recitation periods and two two-hour laboratory periods each week. The text used is Holmes' Introductory College Chemistry.

Credit—Four hours.

Chemistry 112—A continuation of Chemistry 111.

Credit—Four hours.

Physics 211—Three recitation periods and one two-hour laboratory periods a week.

Credit—Four hours.

Physics 212—Continuation of Physics 211.
Credit—Four hours.

Chemistry 304—Qualitative Analysis. Credit—Three hours.

BIOLOGICAL SCIENCE

DR. REESE

101. **Principles of Biology**—A coherent set of principles of first practical importance to the layman and suitable for presentation to the ordinary freshman. Required for standard normal.

Text—Haupt.

Credit—Three hours.

102. **Biological Nature Study**—A study of animals of pond and stream, insects and insect allies, birds, animal companions, wayside flowers, common trees, seeds and seedlings, the garden, and spore bearers. Required for normal course students preparing to teach in the lower grades and for those who offer no biology from high school. A total of 72 class meetings.

Credit—Three hours.

Botany 201 and 202—A study of the general subject with emphasis upon the physiology and morphology of plants and some work on the systematic.

Text—Smith and others.

Credit—Four hours each semester.

203. **Entomology**—This course considers especially the insects favorable and injurious to crop and plant life.

Text—Fernauld.

Credit—Three hours.

Zoology 301 and 302—A study of the general subject, taking up both the vertebrate and invertebrate animals.

Text—Hegner's College Zoology.

Credit—Four hours each semester.

ALUMNI RECORD

OFFICERS OF THE ALUMNI ASSOCIATION 1929-30

President.....Augusta Morgan Phillips, '16
Vice-President.....Freel Gardner Welshans, '21
Recording Secretary.....Elizabeth Hill Hawkins, '24
Corresponding Secretary.....Mary Donley, '11
Treasurer.....Marion Billmyer Byron, '15

This association now numbers over 1600 members. It holds regular exercises and a banquet each year, one day of commencement week.

It is the desire of the President to know the permanent address of each and every graduate of this school, for insertion in the catalogue. Any change in residence or occupation, if known, will be corrected as soon as attention is called to it.

1874

Ida M. Billmyer, Mrs. Frank Hill. Died August 29, 1916.
Belle Byers, M. E. L., Mrs. James W. Bane. Deceased.
Rosa Lee Cockrell, principal, Bakertown.
Ida V. Chapline, Mrs. James H. Rogers, Purgittsville, W. Va.
Annie E. Fawcett, M. E. L., Mrs. Adam Colbert. Died January 26, 1900.
